

## Possibilities of Data and Art

In each edition of our Possibilities magazine, our creative team together with genAI tools, create a visual representation of someone's belief in how data and technology can expand possibilities. In this first edition we created 'Positive Impact' with Laura Nuhaan, CEO Eviden Netherlands.

### #01: 'Positive Impact'

Text, visual and artistic co-creation

Eviden's impossible shapes, colour orange, brave, expanding possibilities, inclusiveness, impact, teamwork, sustainability, running.

In this first edition: [Laura Nuhaan, CEO of Eviden](#) in the Netherlands. Married with 3 children. With Spanish-Dutch roots, start-up founder and marathon runner.

Laura combines business and social values with IT and innovation.

Leveraging data and technology to realize impact. Realizing transformation for good for companies, governments and their citizens. For today, tomorrow and all the tomorrows that lie ahead.

"I do not want to be a bystander. I want to be part of the solution and take action. To make a positive impact every day by leveraging technology and data. And making the difference with the power of people."
